Progressive Action for the Common Good announces that the sixth annual Earth Day Fair will again be held at the Freight House Farmers Market on May 18, 2024 from 9 am to 1 pm. Activities will include the electric bus from MetroLink, a trailer from Living Lands and Waters, and demonstration tables from educational, environmental, conservation, and outdoor groups. Live musical entertainment will be provided. Set up can begin at 8 am.

As progressives, PACG empowers people to take action for positive change and social justice by coordinating a network of community forums and events aimed at educating and engaging citizens to work for the common good of all. Our core values are: Social Justice, Empowerment, Diversity, Sustainability and Community.

We have an agreement with the Farmers Market that our exhibitors will not sell products that will compete with the Farmers Market vendors. Please let us know if you need a table. We can provide a 4- to 6-foot rectangular table or a round table, but there are a limited number of these, and you encouraged to bring your own, if possible. There is limited access to electrical outlets; please indicate on your reservation if you need power. We will do the best we can to accommodate your needs, but cannot guarantee power outlets will be available. Also, please let us know if you would like to be located next to another specific organization, or even share table space.
